Project Owner: *Environmental Protection Department*

Project Name (in English): *EPD and ENB website*

Project Name (in Chinese): *環境保護署和環境局網頁*

Project Description:
Provide maintenance service (the Services) for the Web Content Management System (WCMS) (including computer software, operating system and embedded HanWEB system) of the website of the Environment Bureau (ENB) and the Environmental Protection Department (EPD).

The ENB and EPD website are available for access in three languages (English, Traditional Chinese and Simplified Chinese) for both desktop and mobile versions. For both websites, there are also other types of files such as downloadable documents, jpeg, gif, png, JavaScript programs, CGI Perl script programs as well as XML pages in the websites.

Both ENB and EPD websites adopt the Web Content Accessibility Guidelines (Version 2.0) (WCAG 2.0) Level AA conformance standard promulgated by the World Wide Web Consortium (W3C).
